

Watercolor Demonstration with Bill Lane **Tuesday, October 10, 2017, Endicott Estate at 6:45 p.m. for socializing**

Bill Lane: Watercolorist

Everyday scenes from life intrigue Bill -- a skyline, boats at the dock or city life on a busy day. He observes how the light plays into the scene and dances off the subjects. Because of this, he always works light to dark, saving those light values for the “sweet” spots in the painting.

He enjoys plein air painting whenever possible but New England winters, which make for frozen watercolors, tend to keep him indoors.

October Artist of the Month: Lauras Kelly

I'm a new member of the Dedham Art Association and have volunteered to join the Board of Officers as the Corresponding Secretary. Having retired as an elementary special education liaison, I am beginning to focus more and

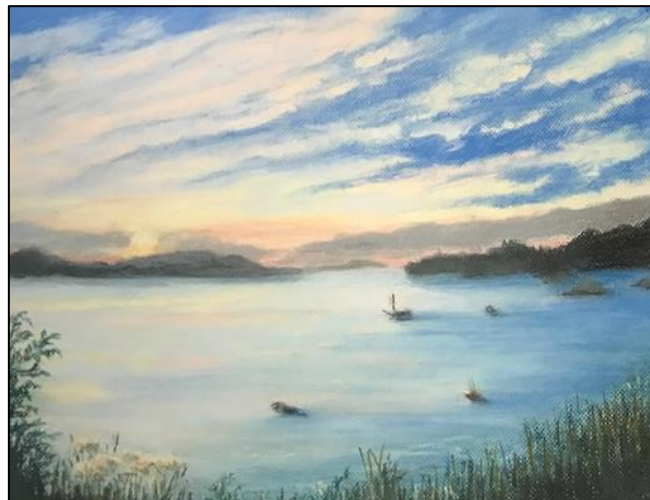

enjoy working more with pastels and watercolors to paint landscapes and, also, to hopefully return to portrait drawing.

Art has always been something I've seen as part of my life whether I was working on a picture or just thinking about what I could do as I saw or viewed something in nature or people around me. I have not had formal training, but have taken classes over the years in drawing and oil painting. I took pastel portrait classes with Connie Flavell Pratt at the South Shore Art Center and watercolor classes with Nancy Howell.

Pastels and watercolors are my favorite media to use which I hope to develop more skillfully. Besides sketches and notes, my cell phone's camera is a great tool for painting ideas and starting points. There are tools with the cell's camera, which I can use to crop a photo taken or to save it in black and white. I enjoy the process, just working on a piece, whether in the end, I am happy with the results or not. I feel I always learn something.

Welcome New Members!

Christine Qian has painting experience and is newly returning to art. Linda Porreca paints in watercolor and acrylics.
